MOBILE CLINIC ARRIVES

Our 35' Mobile Medical Clinic from Mobile Specialty Vehicles arrived and the unit was on display at the Michigan District Convention held on the campus of Concordia University in Ann Arbor June 24-26. It will be deployed at clinics in July

THE BLIND SEE

Matthew 11:1-5 concludes with Jesus saying ***“the blind receive sight and the lame walk, the lepers are cleansed and the deaf hear, and the dead are raised up, and the poor have the gospel preached to them.”*** I couldn't help but think of that

passage this week as the existence of The Luke Project literally helped save the sight of one of our moms. She would not have received prenatal care if we were not there, but because we were, Dr. Gold was able to facilitate the care for her condition that left untreated would have cost her the ability to see. Your support of this ministry made this possible and we are looking forward to many more miracles like this that reveal the unconditional love of God in Christ Jesus
