THE LUKE PROJECT 52 CLINIC NEWS

In this issue:

- Why we do what we do?
- Abbreviated News notes
- Needs

Why we do what we do? “Save babies, change lives”

Mom was not sure whether she was going to continue the pregnancy when she came to us. This ultrasound picture was taken at 25 weeks 4 days. Following is a text thread between one of our nurses and Mom today:

Nurse: Oh my gosh. That might be the most beautiful Ultrasound pic I have EVER seen. Could we use it on our Luke Clinic website? A beautiful picture of the love God has for us that He would create such a magnificent gift to humankind as this precious life. (hearts and smile emoji)

Mom: Thank you soo much, I fell in love with his face. Yes, you absolutely can. You have my written consent. He is definitely God sent. (love eyes emoji)

Nurse: You have made my day. This picture is why we do what we do at the Luke Clinic. Love you. See you Thursday.

Mom: Ahh you're welcome. You make my day better every time I walk in the Luke Clinic. When I'm feeling down, life is trying to kick my butt, with God on my side I will conquer. See you Thursday.

NEWS UPDATES

- THANK YOU to Living Water Lutheran Church of Whitmore Lake for signing the original note to pay back \$75,000 of returnable mission dollars over 20 years that enabled the Luke Project to start. YOU are part of the saving of this baby. You also provide 7 regular volunteers to keep us going.
- THANK YOU to Living Word in Plymouth for providing ongoing and regular financial support and the Team Captain, Kim Eiswerth, for Benjamin's Closet

Caitlyn Freshour, a student nurse at CUAA, and Christine Schultheis RN from the U of M work in our lab. Our lab specimens are picked up by the DMC from a lab drop box 15 minutes after close of each Clinic

Needs:

- Driver for the Clinic van for patient transport
- Receptionist/Clerk (will train)
- More churches to join the support team (I'm available to share the story)
